MS Series Gram Scales

Features

Durable Construction, Stainless Steel Platter

LCD display with Backlight

Weighing units conversion through the keypad

Counting function

Auto-zero tracking

Low battery and stability indicator

Overload and underload indication

Auto calibration from keypad

Tare range to capacity by subtraction

Auto off (battery)

Options: bidirectional RS-232 Interface

Models: MS	120	200	400	600	1200	2000	2500	55	3	6	10
Capacity(g)	120	200	400	600	1200	2000	2500	5500	3000	6000	10000
Graduation(g)	0.01	0.01	0.1	0.1	0.1	0.1	0.1	0.5	1	1	1
Accuracy	±0.015%		±0.1g			±0.01%		±0.5g	±1g		
	g, oz, dwt, ozt, count, (Ct on MS-120 & MS-200 only)										
Cal. Weight	100g		200g	500g	1kg			5kg	2kg	5kg	
Power	AC/DC Adapter 12VDC (supplied with the scale) or 9V Alkaline or rechargeable not supplied										
Platter Size	5"x4"/12.7x10cm			7"x 6"/17.8x15.2cm							
Operating Temp	10°C - 40°C (50°F - 104°F)										
Ship. Weight	Approx. 5 lb / 2.3 kg										
Warranty	One year limited warranty
