WR-12K

The WR-12K Waterproof Scale is heavy-duty & durable all in one!

Rugged IP66 Waterproof body design, carefully formed to withstand almost any water situation.

Stainless-Steel platform measures 8.5" x 7", a large surface to weigh your items.

Four weighing modes (Kilograms, Grams, Pounds & Ounces), on an easy-to-read numerical display.

Adjustable Leveling-Feet, Level-Bubble (to help target even weighing surface), dual-(front-Back) displays.

Charging indicator with built-in rechargeable battery & AC-Adaptor.

One of the best features is the innovative 'Touch-Key' feature:

This allows the user to easily place their finger on a button without having to press it.

This feature is amazing & helps the longevity of your operator buttons.

Weighing Modes:

Weighing Units	Capacity:	Resolution:
Pounds	26 lb	0.002 lb
Ounces	425 oz	0.05 oz
Grams	12000 g	1 g
Kilograms	12 kg	0.001 kg
