UltraSport V2-30
66lb x 1.0oz Capacity

UltraSport V2-50
110lb x 1.0oz Capacity

The Sport hanging scale is splash and shock resistant with a solid metal case, auto-off feature, low battery indicator, and a full tare feature. Ideal as a fishing or utility scale. The built in tape measure (up to 3 feet) makes it easy to record both the weight and length of your fish or package.

The integrated memory feature lets you hold your item in the air until the scale "beeps" to store the weight. You can then lower the item and view the recorded weight.

The built-in backlight makes it easy to read in low light conditions. The TARE feature enables you to place a bag or basket on the weighing hook, press the TARE key and the display will go to 0.00. Now add items to the basket and only the actual weight of the items will show on the display.

Capacity:	30 Kg / 66lbs or 50 Kg / 110 lb
Readability:	0.01 Kg / lb: 1.0 oz / 0.02 Lb or 0.02 Kg / lb: 1.0 oz / 0.05 Lb
